REPORTS

Today you will be receiving your child's end of year report and you will also know what class your child will be in next year. The reports this year are in a different format. We would appreciate your feedback on this new format, especially from parents who have received the previous reports.

KS2 SPORTS AFTERNOON

Unfortunately the scheduled KS2 sports afternoon could not take place on Wednesday this week due to the appalling weather. We will hold this, weather permitting, on Monday afternoon beginning at 1:30pm.

KS1 SPORTS AFTERNOON

On Tuesday afternoon Foundation stage and Key Stage One had their sports afternoon. We were very fortunate with the weather which kindly waited to deposit the rain until the sports had finished. Thank you to all the parents and friends who came to support the event. We would also like to thank Mrs MacDonald and all the bronze ambassador older children in school who organised the games and ran the stations for the afternoon. They ensured that there were plenty of activities that the children enjoyed and that these were well run.

INDUCTION DAYS

Next Thursday and Friday your child will be spending the two days in their new classes with their new class teachers. Please bring your children to their present classes on Thursday morning and we will take them to their new classes but at the end of the day please collect them from their new classes. On Friday morning please bring them in to their new classes in the morning. For the parents of Robin children this will mean that the children need to walk around the school, without you accompanying them, with all the other children rather than going in to the Robins classroom doors. At the end of the day you will need to walk around the school and collect them from the playground.

ETWINNING AWARD

At the eTwinning National Conference, Wrens class project: Loving laughing: (does my joke sound funny to you?) won a prize.

The judges said:

"This is a unique project for the 'child' in all of us. It is resplendent in fun and humour while addressing serious underlying communication skills including, voice projection, facial expression, oral delivery skills, timing, listening, nonverbal communication and not least cultural understanding. Specific use of the students as a resource to contribute in their national language as well as their 'family' language demonstrates clearly the valuing of diversity and cultural equality as does accepting material on the twin space in ten languages. The use of drama, direct video delivery and puppetry engages creativity in an enjoyable and child centred way. This project reinforces the basic premise of eTwinning since its inception that it is motivating, educationally effective and fun."

CONGRATULATIONS

As some of you may be aware Miss Sewell is getting married on Saturday 9th July. As a result of this she will be changing her name from Miss Sewell to Mrs Hall.
