## PTA

The PTA work very hard throughout the year to raise money that is spent on the children. For example by supporting all the children to go to the pantomime, giving money for and towards transport costs of visits etc. Without their hard work many of the activities that the children enjoy would not happen. We would ask you to try to support the PTA as much as you can as all the money they raise goes to helping the children in school. So please see if you have any bottles that you could donate to the bottle stall that the PTA are holding at the Church Fete on Saturday 10<sup>th</sup> June as all the money they raise on this stall will be for the children in school.

## QUEEN'S 90<sup>TH</sup> BIRTHDAY CELEBRATIONS

The PTA are organising a street party for all the children in school on the first Friday afternoon back after the half term. (Friday 10<sup>th</sup> June). Please do consider coming to join in the celebrations with your child. Assuming the weather is kind to us half the school will be enjoying cakes and juice on the MUGA while the other half play games on the playground and field. The children will then swap over. If you have any garden games, such as connect four, skittles, bowls etc. that we could borrow for the children to play with during these celebrations we would be very grateful.

## FAREWELL/WELCOME

At the end of this academic year we are sorry that Mrs Chambers will be leaving us to join the police force. We wish her every success with her new career and hope that she will come back to visit us next year, perhaps coming into Robins during their *people who help us* topic.

We are pleased to say that next year Mrs Bull will be teaching full time in Robins class and that we have appointed a new teacher for Robins class, who will be joining us in August, Miss Perfitt. We were fortunate to have a good choice of candidates for interview and we are confident that Miss Perfitt is the right person to appoint for this role. We look forward to welcoming her to the All Saints team.

## EAGLES CLASS

Eagles have been studying Greek Mythology and have been making models of Greek temples and writing their own Greek legends.

### HERONS & SWANS RAINFOREST WARRIORS

This week, in one of their topic lessons, Herons and Swans painted each other as Rainforest warriors, working from the plans they designed in a previous lesson. They found that face painting is trickier than it looks, and some of them had to adapt their plans. However, there were some budding face painters among the children, and Daria Ion and Amelia Lee warrant a special mention for their detailed designs. They worked really sensibly and all enjoyed creating their designs on their partner's faces.

### SWANS & HERONS RAINFOREST DANCE

On Wednesday afternoon Herons and Swans worked in small groups to create a Rainforest dance sequence. The children showed excellent co-operative skills and supported their team mates well.

Each group was able to give critical feedback to their peers and this enabled them to improve their final performances.
