Introduction

- At All Saints we believe that it is important that pupils come to an understanding as they grow up of their own bodies, their instincts and their feelings.
- In line with Christian beliefs' children from both happy and unhappy marriages and homes need to understand that the security of family life is the proper context for sexual expression and to grasp the Christian values of acceptance, forgiveness and loving one another 'as yourself'.
- Sex Education at All Saints should be within the context of love, faithfulness and forgiveness.

1. Aims

- The aims of relationships and sex education (RSE) at our school are to:
- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a maintained primary school we must provide relationships education to all pupils as per section 34 of the Children and Social work act 2017.

However, we are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At All Saints CE Primary School, we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff formed a working group with other local schools whom pulled together all relevant information including relevant national and local guidance

2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were shown the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSE, then as a school we will decide the needs of the cohort for the pupils.
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, puberty, life processes, keeping safe, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1, but we may need to adapt it as and when necessary. We have developed the curriculum taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner, staying within the statutory guidelines, so they are fully informed and don't seek answers online. Where appropriate parents will be informed of the questions their children have.

Primary sex education is not compulsory and will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born (Year 6)

For more information about our curriculum, see our curriculum map in Appendix 1.

6. Delivery of RSE

RSE is taught within the personal, social, health and education (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

For more information about our RSE curriculum and science curriculum see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 The governing board

The governing board will approve the RSE policy, and hold the head teacher to account for its implementation.

7.2 The head teacher

The head teacher is responsible for ensuring that RSE is taught consistently across the school, and for responding appropriately to parents who wish to withdraw pupils from components of RSE (see section 8). As agreed by the collaborative partnership, only statutory elements of science are RSE will be taught.

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to questions raised by pupils or parents.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

All staff are responsible for teaching RSE.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw

As agreed by the collaborative partnership, only statutory elements of science and RSE will be taught. Parents do not have the right to withdraw their children from relationships education.

9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by the head teacher and PSHE lead through planning scrutinies, pupil interviews and learning walks.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by PSHE lead in July 2021 then as necessary. At every review, the policy will be approved by the governing board.

Appendix 1a: Science Curriculum coverage

Year group	Topic/theme details
Year 6	<p>Animals Including Humans Recognise the impact of diet, exercise, drugs and lifestyle on the way their body functions.</p> <p>Evolution and Inheritance Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.</p> <p>They should be introduced to the idea that characteristics are passed from parents, to their offspring.</p>
Year 5	<p>Living things are their habitats Sc5/2.1a describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird</p> <p>Sc5/2.1b describe the life process of reproduction in some plants and animals.</p> <p>Pupils should draw a timeline to indicate growth and development of humans. They should learn about the changes experienced in puberty.</p>
	<p>Animals including humans Sc5/2.2a describe the changes as humans develop to old age.</p>

Year group	Topic/theme details
Year 4 Dependant on maturity of cohort	Animals including humans describe the changes as humans develop to old age. They should learn about the changes experienced in puberty.
Year 2	Animals including Humans notice that animals, including humans, have offspring which grow into adults Growing into adults can include reference to baby, toddler, child, teenager, adult.
Year 1	Animals including Humans identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. Pupils should have plenty of opportunities to learn the names of the main body parts (including head, neck, arms, elbows, legs, knees, face, ears, eyes, hair, mouth, teeth)

Appendix 2: By the end of primary school pupils should know

Topic	Pupils should know
Families and people who care about me	<p>That families are important for children growing up because they can give love, security and stability</p> <p>The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives</p> <p>That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care</p> <p>That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up</p> <p>That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong</p> <p>How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed</p>
Caring friendships	<p>How important friendships are in making us feel happy and secure, and how people choose and make friends</p> <p>The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties</p> <p>That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded</p> <p>That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right</p> <p>How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed</p>

Topic	Pupils should know
Respectful relationships	<p>The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs</p> <p>Practical steps they can take in a range of different contexts to improve or support respectful relationships</p> <p>The conventions of courtesy and manners</p> <p>The importance of self-respect and how this links to their own happiness</p> <p>That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority</p> <p>About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help</p> <p>What a stereotype is, and how stereotypes can be unfair, negative or destructive</p> <p>The importance of permission-seeking and giving in relationships with friends, peers and adults</p>
Online relationships	<p>That people sometimes behave differently online, including by pretending to be someone they are not</p> <p>That the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online including when we are anonymous</p> <p>The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them</p> <p>How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met</p> <p>How information and data is shared and used online</p>

Topic	Pupils should know
Being safe	<p>What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)</p> <p>About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe</p> <p>That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact</p> <p>How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know</p> <p>How to recognise and report feelings of being unsafe or feeling bad about any adult</p> <p>How to ask for advice or help for themselves or others, and to keep trying until they are heard</p> <p>How to report concerns or abuse, and the vocabulary and confidence needed to do so</p> <p>Where to get advice e.g. family, school and/or other sources</p>
